

Classes Make Requests For Religion Speakers

Approximately 65 classes and 29 living groups have filed requests for speakers during Religion-in-Life Week, Jan. 30 to Feb. 4, according to the Rev. Jim Martin, Student Y executive secretary.

A pool of 21 persons, representing a wide range of religious denominations and faiths, is available to classes, organizations and living groups desiring speakers for the week-long event.

Nineteen departments have expressed a desire to have speakers during the week beginning January 30. Psychology, Journalism and Philosophy departments have applied for five speakers each.

Last year a total of 30 classes and 28 living groups listened to speakers during Religion-in-Life Week.

The Associated Student Body has contributed \$115 to the Religion-in-Life committee to finance the presentation.

College Religious Council donated \$75 to the fund and the College Lecture Committee allocated \$45.

A budget totaling \$528.78 has been planned to cover the week's activities, \$113 of which will be used for speakers' fees and hospitality. The 2000 programs for Religion-in-Life Week will cost \$95, according to Judy Titus, chairman of the presentation.

"This is the first time in a year and a half that no students have been declared ineligible due to grades," said Stan Croonquist, Student Court chief justice.

New Zealand May Present Proposal For Formosa Cease-Fire to U.N.

LONDON, Jan. 26 (UP)—Authoritative sources said today it is "80 per cent certain" that New Zealand will introduce a Formosa cease-fire resolution in the United Nations Security Council this week.

The sources said the resolution probably will be introduced Friday.

"The main question now is how such a resolution could be framed to make it difficult for Communist China to refuse," the sources said.

Peiping Radio again attacked the planned resolution, calling it "a vicious scheme of the United States to partition Chinese territory and extend its aggression against China."

QUAKES HIT CLOSE

The second quake occurred at 9:07 a.m. and was located "probably in the Hollister area," the professor said. It lasted for a minute and a half and had a Richter magnitude of 3 1/4. However, no damage was reported.

1955 Greek Show Opens Tonight in Morris Dailey

Called the greatest drawing attraction of the year at SJS by Terry Taugner, director, the 1955 All-Greek Show goes on at 8 p.m. tonight before year's show was so crowded a sneeze would have spectators expected to fill Morris Dailey auditorium and to overflow in the outer hall.

Ron Iverson, member of the show's sponsoring fraternity, Theta Chi, said the auditorium at last set off an explosion.

The four-minute skits of the fraternities and sororities will be climaxed by a seven and a half minute movie filmed by Theta Chi, entitled "Take Care of My Little Boy."

The movie depicts the perils of a lad entering a college fraternity and winding up in the army. Iverson stars in the movie. It will be shown immediately following the last skit given by competing greek organizations. Theta Chi does not compete in the show. Les Johnson is fraternity president.

Robert S. Martin, associate dean of students, will announce the winners of the show following the showing of the Theta Chi movie. Gold trophies will be awarded the victors.

Taugner yesterday said there will be a brief intermission about halfway through the two and a half hour show.

Admission to the show is free.

Approval System For Social Dates Will Change Feb. 1

A new system for obtaining approval for social events will go into effect Tuesday, Feb. 1, according to Miss Helen Dimmick, associate dean of students.

No longer must social chairmen fill out colored applications in triplicate. Instead a single sheet will be filed in the Activities Office.

Deadlines, under the new arrangement, have been moved forward. Applications for approval of social events must be submitted to the Activities Office one week in advance of the event. Dean Dimmick particularly stressed the importance of observing this deadline.

At the bottom of the application will be a "tear sheet," which will be marked approved or dis-

HELEN DIMMICK

approved. The organization must call for this tear sheet within 24 hours after the deadline for applying.

Intermission Features Jazz at Wintermist Ball

Unusual entertainment will be provided in a "musical history" of American jazz and popular music by Johnny Vaughn and his eight piece band, who will play during

the three 20 minute intermissions of the Wintermist Ball Feb. 25, according to Jim Cottrell of the Social Affairs Committee.

The group, which was signed Wednesday, will present examples of music from dixieland, swing, and bop eras. Also featured will be illustrations of the rhythm and blues and Latin influences. Arrangements in the progressive idiom will feature music made famous by such modernists as Gerry Mulligan.

The band has appeared at the Palace and Lake Merritt hotels and has also made appearances on TV. Members of Johnny Vaughn's arranging staff have worked with Alvino Ray, Dave Brubeck and Charlie Barnet.

Martha Stewart Is Polecat's Kitten

Lonsome Polecat (John Denney, ASB treasurer) has his kitten. He will escort Martha Stewart, sophomore business education major, to the Wintermist Ball.

Miss Stewart submitted the winning entry in the "date with Lonsome Polecat contest," it was announced last night on the Dick Garvin Coffee Date show.

Second and third place winners scheduled for a movie date and coffee date with Denney are Jean Colon and Alice Duesler.

Last Day To Drop

Monday, Jan. 31, will be the last day to drop classes, warns Leslie W. Ross, registrar. The change of program cards are available in the Registrar's Office for all regular and graduate students.

SAB Requests By-law Change

The Student Prosecuting Attorney will replace the Men's Physical Education Department representative on the Student Activities Board, if an SAB by-law change proposed by Chairman Paul Sakamoto is passed.

Recent SAB actions against poster-code violations have been hampered by lack of SAB-prosecuting attorney liaison.

"As it is, the board is supposed to represent the students, and the PE representative generally turns out to be a faculty member," Sakamoto told the Student Council yesterday.

In asking the change, he pointed out that all inter-collegiate athletic events are automatically approved.

"Besides, we feel that it would be helpful to have the prosecuting attorney on the board," Sakamoto said.

The rustle of pants, and bangs of a pistol team also were heard during the council's session yesterday, but the controversial Awards Committee recommendation that only 30 football awards be given passed without a whisper—and unanimously.

The pants belong, during season, to the cheerleaders, according to Shunji Ito, Rally chairman.

He said that, although the cheerleaders keep their sweaters at the end of a year's service, they are asked to return the rest of the uniform.

"The pants are pretty useless," Ito explained. "It's seldom they fit a member of the following year's group, they're usually just about worn out, and beside, it's embarrassing to ask."

The council voted to allow the cheer leaders to keep their pants.

Editorial

Rally Wins Plea for Pants

It is with great relief that we note that the Student Council has decided to let the cheer-leaders keep their pants.

If they would have voted away the lower garments, it would have been most embarrassing, not only to the yell-boys, but to the college.

And it might have set a precedent. It would be most disconcerting to wander around campus, observing what group had been rendered pants-less by the whims of an over zealous Council.

The pants, of course, are part of the cheer-leaders regalia—but unlike the sweaters, they were to have been turned in at the end of a cheer season.

The pants weren't of much use anyway, even if they were returned, if they were, and most of the time they weren't because the cheer leaders weren't asked. Shunji Ito, Rally chairman, said.

We sympathize with Shunji.

It would be rather embarrassing to approach one of the gentlemen even for an infraction of cheer-leading rules, with a "turn in your pants" ultimatum. Such a measure would be of no mean consequence.

Even if the Council deigned it necessary to return some moments of the cheer-leaders costume, it would seem much, much more proper to ask for a shirt—or even sweater. But, we agree, never ever his pants.

Of strictly speculative nature is the one question that arises, what became of all the old trousers? Lay they moulding in the dungeons beneath the Coop?

If they, nay, if a single pair can be found, we suggest that, on every Jan. 26 they be hoisted high on the flag staff of the Inner Quad just below the flags of our country and our state.

Let them be a memorial to the day the Council let the cheer leaders keep their pants.—B. N.

SJS Journalists Give 'Red Apple' to Hanson

The Big Red Apple Award was presented to Sam Hanson, reporter and columnist for the Los Gatos Daily Times, yesterday by Gary Engell, committee chairman.

Rally Committee PR Board To Meet

Members of the Rally Committee public relations board will meet today at 3:30 p.m. in the Student Union, according to Gail Wood, public relations chairman.

Miss Wood urges all members to attend.

Hanson received this award from the senior student and faculty of the SJS Journalism and Advertising Department who give the award to newspapermen and women whose work has attracted their attention.

Hanson was selected for the award because of his interest in local politics and government.

The former Idaho newspaperman and United Press writer in San Francisco, was given a real red apple by JoAnne Tracy, advertising major from San Mateo.

Safety Lectures Continue Monday With Craig Talk

Another in the long line of Public Safety lecture series will begin Monday, according to Dr. Richard Purdy of the Dean of Instruction's Office.

The series consists of three classes to be given at 11:30 a.m. in the Morris Dailey auditorium, all of which must be attended to satisfy requirements.

Students who registered for the course must know their seat numbers prior to the first class. Those who have forgotten or are not sure of their number may check at the Dean of Instruction's Office in Room 120.

Monday's lecture will be presented by James M. Craig of the Natural Science Department. He will speak on "Fire Prevention." Wednesday, films will be shown on public and home safety. Friday's presentation will feature Robert P. Johnson of the Industrial Arts Department who will have for his topic, "Highway Safety."

Selected to contest for the position of treasurer were Jerry Rendahl, Norm Young and Bob Daniels.

Stan Callon, president, urges all members to attend the next meeting for the election of officers Feb. 2 at 3:30 p.m. in Room 139. Absentee ballots are available in Dr. Mel Wright's office, Room 137A.

Dr. Joel Hildebrand formally presented the charter to the newly formed Santa Clara valley section of the American Chemical Society at its inaugural dinner and meeting Tuesday night, according to Dr. Benjamin F. Naylor, professor of chemistry.

Dr. Hildebrand is the former head of the Chemistry Department at the University of California.

As part of the program, Dr. Naylor outlined the background and progress of the local section.

Seven years ago the organization began as a sub-section of the California Section of the ACS, the national organization of professional chemists. Dr. Gertrude Cavins, professor of chemistry and science education and Dr. Naylor were influential in starting the local group. About 10 professors in the Chemistry Department here belong to the Santa Clara Valley section, Dr. Naylor said.

Death Valley Trip Sign-up To Start

A new registration system for the West Coast Nature School session at Death Valley will be initiated this year, according to Dr. Gertrude Cavins, registrar and secretary for the school.

Registration will begin at 8 a. m. Tuesday Feb. 1 in Room S-231. As students line up at the 4th street door of the Science building, Dr.

Nature School

DR. CAVINS

... Leads Desert Conquest

Wayne E. Kartchner and Byron Bollinger will issue numbers. When registration opens, the numbers will be called consecutively.

The new method for registration is being used this year to alleviate the confused situation which last year found 200 early-birds having to ward off late-comers who tried to crowd into line, Dr. Cavins said. This method will assure a first come, first served basis for registration.

Before registering, those who plan to attend the session in Death Valley from March 20 to 26, are requested to pick up registration rules at the main office in the Science building, Dr. Cavins stressed.

The instruction fee for the session is \$15, which includes a non-refundable \$5 registration fee and a \$10 tuition fee. The total \$15 must be paid at registration, she explained. Food and room costs will be about \$16, she said, and will be paid at a general meeting later in February. Students arrange their own transportation via private automobiles, she explained.

Headquarters for the camp will be the Death Valley View Hotel at Ryan. Students will furnish their own sleeping bags and other personal items. Cooking groups will be formed of 12 persons each at the organization meeting, Dr. Cavins said. In these groups each member will take his turn at cooking and washing dishes.

Two quarter units credit are given for the session.

This is the last year that the trip will be made to Death Valley in March because of the change-over to the semester system next fall, she added.

A Gander At Sports

By JERRY GANDY

San Jose State's reputation for producing high calibre judo teams can be attributed to Yosh Uchida who began coaching the sport here while a student.

Yosh discovered judo when he was just a 10-year-old in Garden City, Calif. From that time on he pursued the sport "more or less as a hobby."

He came to San Jose State in 1941 to coach the Spartans, but the war interrupted his coaching career. After serving in the medical corps, he resumed coaching at SJS in 1946. Yosh carried on his studies at State during the same time and was graduated in 1947. He was a varsity letterman in wrestling.

Yosh is a holder of the fourth degree black belt, the highest award held by a judoist in this country.

As the nation's foremost judoist, Uchida is highly recognized as a teacher and student of judo by Kokodan, the official organ of judo in Japan where the sport was originated.

The Spartan coach has been turning out championship teams since 1950. His squads captured

YOSH UCHIDA

the Northern California championship in 1950, 1951 and 1953. The 1953 team won the state co-championship at Los Angeles against 53 teams.

The Spartan judo teams also have copied the 1952 and 1953 PAAU novice titles.

Yosh's outstanding pupil is Lyle Hunt, captain of the 1953 team. Hunt won the national AAU heavyweight title and was tournament champion that year. He was the first collegiate judoist to earn a third degree black belt. Last year Hunt toured Europe where he defeated the champion of the Netherlands and tied the European champion.

Last year Coach Uchida was elected president of the First Commission of Judo of the PAAU and National Tournament Director of the AAU. He also is president of the Northern California Black Belt Society.

Yosh's greatest thrill as a judoist took place in 1937. At the time he was a brown belt and captain of the Orange County judo team. He threw a black belt to win his match and the Southern California championship.

SJS Mermen Challenge T.I. Pirates Team

San Jose State's swimming team opens its season tonight by journeying to Treasure Island to tackle the T.I. Pirates.

The Spartan splashers are seeking their seventh straight win over the Sailors, who have never beaten SJS since the competition began three years ago. If the Navy does not use members of the U.S. Pan-American team who have been sent to T.I. to practice for the Pan-American games in March, the Spartans have a good chance to maintain their streak.

But if the Pirates decide to use the likes of Clark Scholes, holder of the Olympic 100-meter record and the Big 10 50- and 100-yard records, the Spartans are in for a rough night. Coach Charlie Walker lamented.

Big guns on the Spartan team are Carl Yates, holder of the college and pool records in the 1500 meters, and Captain Dick Threlfall, who holds the college record for the 50 yard dash.

Yates will participate in the 220 and 440, while Threlfall will seek points in the 50 and 100 yard dashes and as a member of the Spartan 400 yard relay team.

Spartababes Bow

Despite 27 points by Eddie Diaz, the San Jose State Frosh bowed to the San Jose Junior College cagers, 68-66, in an over-time period in Spartan gym last night. The score was 64-64 at the end of the second half.

Six straight free throws by Carroll Williams in the final two minutes of play gave the San Jose State Spartans a 73-66 victory over the Cal Poly Mustangs after a see-saw battle in Spartan gym Wednesday night.

Williams, who led the Spartan scoring with 20 points, ran his string of consecutive free throws to 30, thus surpassing his school record of 26 without a miss. Williams established the old standard in the final two games of last season and the first one of this year.

Although San Jose State was never topped after the Mustangs led briefly midway through the first half, Cal Poly was able to draw even with the Spartans three times in the second half.

With six minutes to play in the game, San Jose boasted a slim 63-62 lead. The Spartans then slowed down the play, and the Mustangs fouled in an attempt to get the ball.

Williams' free throws plus set-ups by John Erceg and Bob Bondanza iced the tilt for the Spartans.

In the opening minutes of the ball game, San Jose hit on their first five shots from the floor to

jump into a 10-4 lead.

The advantage then changed hands twice and the score was knotted three times before the Spartans moved to a 40-47 half time margin.

In the first half, the Spartans connected on 18 out of 37 shots for a 48 per cent mark while making 39.7 per cent in the game.

Bob Borghesani and Tor Hansen both were forced from the game in the second half when they were poked in the eye by flying fingers under the basket.

Bob Bondanza followed Williams in San Jose scoring with 12 points while Bud Hjelm and Tor Hansen each netted 11.

The Mustangs were led by Ernie Hall, who with periodic bursts of brilliance, accounted for 19 of their points.
